Amendment: 186/2006 Coll.

The Czech National Council has passed the following Act:

PART ONE
BASIC PROVISIONS

Section 1
Objective of the Act

(1) The State shall protect cultural monuments as an inseparable part of the cultural heritage of the people, evidence of their history, a significant factor in the environment and an irreplaceable treasure of the State. The objective of this Act is to create comprehensive conditions for further enhancement of the political, organizational, cultural and educational functions of the State in care for cultural monuments, their conservation, providing access to them and their appropriate use so that they can play a role in the development of culture, art, science and education, in forming traditions and patriotism, and in aesthetic edification of the working people, thus contributing to the further development of society.

(2) The care by the State for cultural monuments (hereinafter “State monument care”) shall encompass activities, measures and decisions, through which the official bodies and the professional organizations of State monument care (Sections 25 to 32) shall, in conformity with the needs of society, provide for the conservation, protection, access to and appropriate use by society of cultural monuments. Other governmental authorities and organizations shall co-operate, within their competence, with the bodies and the professional organization of State monument care and help them in performing their tasks.

Section 2
Cultural Monuments
(1) Under this Act, the Ministry of Culture of the Czech Republic (hereinafter the “Ministry of Culture”) shall proclaim as cultural monuments movable and immovable objects and, as appropriate, groups of such objects

a) that are important documents of historical development, of the life style and of the environment of society from the most ancient times to the present day, as manifestations of the creative abilities and work of humankind in various fields of human activity, based on their revolutionary, historical, artistic, scientific or technological value,

b) that have a direct relationship to important persons and historic events.

(2) The status of a cultural monument shall be conferred on groups of objects even if some of these objects are not cultural monuments.

From case law: ÚS (Constitutional Court) 35/94

§ 3

Proclaiming Objects as Cultural Monuments

(1) Before proclaiming an object as cultural monument, the Ministry of Culture shall request a statement of the regional authority or the municipal authority of a municipality with extended competence unless it has already obtained such a statement from these bodies. An archaeological find (Section 23) shall be proclaimed as a cultural monument by the Ministry of Culture on the basis of a proposal from the Academy of Sciences of the Czech Republic.

(2) The Ministry of Culture shall notify the owner of the object in writing of submission of a proposal to proclaim the object as a cultural monument or of its intention to do so on its own initiative and shall provide him with the opportunity to express his opinion on this proposal or initiative.

(3) From the delivery of the notification under paragraph 2 until a decision is made by the Ministry of Culture, the owner of the object shall be obliged to protect the object against damage, destruction or theft and to report to the Ministry of Culture every intended or actual change in its ownership, administration or use.

(4) The Ministry of Culture shall notify the owner of an object, the regional authority, the municipal authority of a municipality with extended competence and the professional organization of State monument care (Section 32) and, for archaeological finds, also the Academy of Sciences of the Czech Republic in writing of the proclamation of the object as a cultural monument. The Ministry shall also notify them if it found no reason to proclaim the object as a cultural monument.

(5) The owners of objects that could, because of their exceptional artistic or historical value, be proclaimed as cultural monuments in accordance with the interests of society shall be obliged to submit to the Ministry of Culture, the regional authority or the municipal authority of a municipality with extended competence, at their written request, the requested information on these objects and on intended changes therein and to enable these authorities or the professional organization of State monument care authorized by these authorities to inspect the objects and, as appropriate, to acquire scientific documents thereof.
A generally binding legal regulation shall stipulate the details of the process of proclaiming objects as cultural monuments and the manner of performing the notification duty pursuant to paragraph 5 above.

From case law: 7 A 54/97, 6 A 81/2000, 7 A 133/99, 7 A 133/99

Section 4
National Cultural Monuments

(1) By virtue of a regulation, the Government of the Czech Republic shall proclaim cultural monuments constituting the most important part of the cultural wealth of the nation as national cultural monuments and shall stipulate the conditions for protection thereof.

(2) By virtue of a regulation, the Government of the Czech Republic shall stipulate the general conditions for the provision of State monument care for national cultural monuments.

Section 5
Monument Reservations

(1) By virtue of a regulation, the Government of the Czech Republic may proclaim a territory, whose character and environment is determined by a group of immovable cultural monuments or archaeological finds, as a whole, as a monument reservation and may stipulate the conditions for providing for the protection thereof. These conditions may, to the necessary extent, also apply to real estate in the territory of the monument reservation that is not a cultural monument.

(2) By virtue of a regulation, the Government of the Czech Republic shall stipulate the general conditions for the provision for State monument care in monument reservations.

Section 6
Monument Zones

(1) After the relevant matter is discussed by the regional authority, the Ministry of Culture may proclaim the territory of a settlement or of part thereof with a smaller number of cultural monuments, historical environment or part of a landscape area that display significant cultural values as a monument zone and specify the conditions for protection thereof.

(2) A generally binding legal regulation shall stipulate the details of proclamation of monument zones.

Section 7
Records of Cultural Monuments

(1) Cultural monuments shall be entered into the Central List of Cultural Monuments of the Czech Republic (hereinafter the “Central List”). The Central List shall be kept by the professional organization of State monument care.

(2) The regional authorities and municipal authorities of municipalities with extended competence shall keep lists of cultural monuments in their respective territories. Entries into these lists shall be performed on the basis of extracts from the Central List.
(3) The professional organization of State monument care shall notify the owner of a cultural monument, the regional authority and the municipal authority of a municipality with extended competence of an entry of a cultural monument into the Central List as well as of cancelling of the proclamation of an object as a cultural monument (Section 8). In the case of an immovable cultural monument, notification shall also be made to the construction authority. In the case of an archaeological find proclaimed as a cultural monument, notification shall also be made to the Institute of Archaeology of the Academy of Sciences of the Czech Republic.

(4) The professional organization of State monument care shall notify the competent cadastral authority of each proclamation of real estate as a cultural monument, as well as of each cancelling of such a proclamation, if the object in question is recorded in the Land Registry.

(5) The owner of a cultural monument shall be obliged to notify the professional organization of State monument care of each change in ownership (administration, use) of a cultural monument or of relocation thereof. The notification must be made by the owner of the cultural monument not later than thirty days from the date when this change occurred.

(6) Details of records of cultural monuments shall be laid down in a generally binding legal regulation.

Section 8

Cancelling of Proclamation of an Object as a Cultural Monument

(1) Unless a national cultural monument is involved, the Ministry of Culture may, on extremely serious grounds, cancel the proclamation of an object as a cultural monument at the request of the owner of the cultural monument or of an organization which demonstrates a legal interest in the cancelling of proclamation of the object as a cultural monument (hereinafter “cancelling of proclamation”), or at its own initiative.

(2) Prior to cancelling of proclamation, the Ministry of Culture shall request a statement of the regional authority and of the municipal authority of a municipality with extended competence, and a statement of the Academy of Sciences of the Czech Republic if the object proclaimed as a cultural monument is an archaeological find, unless the Academy of Sciences has itself requested the cancelling of proclamation. Unless the owner of the cultural monument applied for cancelling of proclamation, he must be given the opportunity to participate in the examination of the object and to express his opinion on the cancelling of proclamation.

(3) The Ministry of Culture may make the cancelling of proclamation subject to prior fulfilment of conditions that it has stipulated. The costs expended to fulfil these conditions shall be borne by the applicant and, in cases where the proceedings on cancelling of proclamation are initiated by the Ministry of Culture at its own initiative, the costs shall be borne by the person in whose interest the cancelling of the proclamation occurred.

(4) The provisions of Section 3 (4) shall also apply mutatis mutandis to cancelling of proclamation.

2) Act No. 344/1992 Coll., on the land registry of the Czech Republic (the Cadastral Act), as amended.
(5) Details of cancelling of proclamation of an object as a cultural monument shall be stipulated in a generally binding legal regulation.

PART TWO

CARE FOR CULTURAL MONUMENTS

Protection and Use of Cultural Monuments

Section 9

(1) The owner of a cultural monument shall be obliged to care for its conservation, to keep it in good condition and to protect it against danger, damage, destruction or theft, all the above at his own expense. He shall be obliged to use the cultural monument only in a manner consistent with its cultural and political importance, its monument value and its technical condition. If the cultural monument is owned by the State, the organization that administers the cultural monument or uses it or has it in its ownership, and its superior body shall be obliged to create all the necessary preconditions for fulfilling the mentioned duties.

(2) The obligation to care for conservation of a cultural monument, to maintain the cultural monument in good condition and to protect it against danger, damage, destruction or theft shall also be borne by a person who uses the cultural monument or has it in his possession; however, he shall be obliged to bear the expenses connected with this care for the cultural monument only if this follows from the legal relationship between him and the owner of the cultural monument.

(3) Organizations and citizens, even if they are not the owners of cultural monuments, shall be obliged to act so that they do not cause any adverse changes in the condition of cultural monuments or their environment and that they do not endanger the conservation and appropriate social use of cultural monuments.

(4) An owner who transfers a cultural monument to another person, or leaves it to someone for temporary use or hands it over it for renewal (Section 14) or for another purpose shall be obliged to notify the person to whom he transfers it or to whom he leaves it or hands it over that the object is a cultural monument.

From case law: 59 Ca 59/2002

Section 10

(1) If the owner of a cultural monument fails to fulfil the duties set forth in Section 9, the municipal authority of a municipality with extended competence shall, after having received a statement of the professional organization of State monument care, issue a decision on measures that the owner of the cultural monument shall be obliged to implement and shall simultaneously set a deadline within which the owner shall be obliged to implement these measures. If a national cultural monument is involved, this decision shall be issued, after having received a statement of the professional organization of State monument care, by the body of the region within delegated competence in accordance with the conditions stipulated by the Government of the Czech Republic for provision for the protection of national cultural monuments.
(2) The decision on measures that the owner of a cultural monument is obliged to implement shall be issued by the municipal authority of a municipality with extended competence and, if a national cultural monument is involved, by the regional authority, also at the request of its owner.

(3) A generally binding legal regulation shall stipulate the details of the obligations of the owners of cultural monuments in their protection and use.

From case law: 7 A 165/94, 7 A 117/93, 7 A 144/94, 38 Ca 599/2002

Section 11

Duties of Administrative Authorities and Legal and Natural Persons

(1) The governmental authorities competent to make decisions on the manner of use of buildings that are cultural monuments or on allocation of apartments, other residential rooms and rooms not serving for accommodation in these buildings shall issue their decisions on the basis of a binding opinion \(^{2a}\) of the relevant body of State monument care. In making a decision on the manner and changes in the use of cultural monuments, they shall be obliged to provide for their appropriate use in conformity with their value and technical condition.

(2) If a natural person or a legal person causes or could cause, through his or its activities, adverse changes in the condition of a cultural monument or its environment or if this person endangers the conservation or the use by society of a cultural monument, the municipal authority of a municipality with extended competence or, for a national cultural monument, the regional authority shall stipulate the conditions for further performance of such activity or shall prohibit the activity.

(3) The administrative authorities and authorities of the regions and municipalities shall issue their decisions pursuant to the special legal regulations that could affect the interests of State monument care in the protection or conservation of cultural monuments or monument reservations and monument zones and in their suitable use only on the basis of a binding opinion \(^{2a}\) of the municipal authority of a municipality with extended competence and, if a national cultural monument is involved, only on the basis of a binding opinion of the regional authority.

Section 12

Notification Duty of the Owner of a Cultural Monument

(1) The owner of a cultural monument shall be obliged, without undue delay, to notify the municipal authority of a municipality with extended competence of any danger or damage to the cultural monument and to request a decision thereof on how the defect should be remedied. With respect to an immovable cultural monument that is a structure, the owner shall also notify the construction authority.

(2) The owner of a cultural monument shall be obliged to notify, in advance, the municipal authority of a municipality with extended competence of each intended change in

\(^{2a}\) Section 149 (1) of Act No. 500/2004 Coll., the Code of Administrative Procedure.
the use of a cultural monument and, for an immovable cultural monument, of its intended vacation.

*From case law: 6 A 28/94*

**Section 13**

**Pre-emptive Right of the State to Purchase Cultural Monuments**

(1) In the case of an intended sale (transfer of title for consideration) of a cultural monument, if a movable cultural monument or a national cultural monument is involved, its owner shall be obliged to offer it for purchase (acquisition of title by the State for consideration) preferentially to the Ministry of Culture with the exception of sale between related persons or co-owners.

(2) Based on an offer by the owner of a cultural monument, the Ministry of Culture may, for extremely serious cultural and social reasons, exercise the pre-emptive right of the State to purchase (acquisition of title by the State for consideration) the cultural monument either directly or through organizations established by the Ministry of Culture for the price determined according to the special legal regulations\(^4\)) and, if the price cannot be determined in this way, for the usual price corresponding to the character of the object. In this respect, the Ministry of Culture shall request a document or, as appropriate, a declaration from the owner demonstrating the ownership title to the movable cultural monument.

(3) When the Ministry of Culture has received an offer, it shall be obliged to notify the owner of the cultural monument within three months, for a movable cultural monument, and, for an immovable cultural monument, within six months from delivery of the offer, that it accepts the offer for purchase (acquisition of title by the State for consideration) of the cultural monument; otherwise the pre-emptive right of the State to purchase the cultural monument from the owner, who made the offer, shall expire.

(4) If the owner of a cultural monument does not perform the duty set forth in paragraph 1 above, the legal act whereby he transferred the title to the cultural monument to another person shall be null and void provided that nullity is invoked by the Ministry of Culture. The Ministry of Culture may exercise this right within three years from the date of above-mentioned legal act.

(5) The provisions of paragraph 1 above shall not prejudice the regulations providing for the transfer of an object to the State without consideration.\(^6\)

**Section 14**

**Renewal of cultural monuments**

(1) If the owner of a cultural monument intends to perform maintenance, repair, reconstruction, restoration or any other modification of the cultural monument or its environment (hereinafter “renewal”), he shall be obliged to first request a binding opinion from the municipal authority of the municipality with extended competence and, for a national cultural monument, the binding opinion of the regional authority.

---

6) Sections 4 and 5 of Decree 90/1984, on administration of national property.
(2) The owner (administrator, user) of a real estate that is not a cultural monument, but is located in a monument reservation, in a monument zone or in the protective zone of an immovable cultural monument, an immovable national cultural monument, a monument reservation or a monument zone (Section 17) shall be obliged to request the binding opinion of the municipal authority of the municipality with extended competence, unless this obligation is excluded under this Act or on the basis of this Act (Section 17), prior to the intended construction project, change in the structure, landscaping, placement or removal of equipment, removal of a structure, modification of tree species or maintenance work on this real estate,

(3) The binding opinion pursuant to paragraphs 1 and 2 above shall state whether the work set forth therein is admissible from the viewpoint of the interests of State monument care and shall stipulate the basic conditions under which this work may be prepared and performed. The basic conditions must be based on the current state of knowledge of the cultural and historical values that must be preserved in permitting implementation of the intended plan.

(4) In the land-use proceedings, in issuing of land-use consent and in proceedings on permission of constructions, changes to structures, landscaping, placement or removal of equipment, removal of a structure and maintenance work, performed in connection with changes to a territory in which the State monument care asserts its interest or in connection with renewal of an immovable cultural monument or with construction, change to a structure, landscaping, placement or removal of equipment, removal of a structure or maintenance work on a real estate under paragraph 2 above, the construction authority or the construction authority shall make a decision in accordance with the binding opinion of the municipal authority of a municipality with extended competence and, for an immovable national cultural monument, with the binding opinion of the regional authority.

(5) If the intended renewal of an immovable cultural monument pursuant to paragraph 1 above, or construction, change to a structure, landscaping, placement or removal of equipment, removal of a structure or maintenance work on a real estate pursuant to paragraph 2 above may be performed on the basis of a notification, the construction authority may give its consent only in accordance with the binding opinion of the municipal authority of a municipality with extended competence or, for an immovable national cultural monument, with the binding opinion of the regional authority.

(6) The body of State monument care that is competent pursuant to paragraphs 1 and 2 above shall issue a binding opinion after having received a prior written statement from the professional organization of State monument care, with which it shall, at its request, discuss the draft of the binding opinion prior to termination of the proceedings. The professional organization of State monument care shall submit the written statement to the competent body of State monument care at the latest within 20 days of the date of delivery of the request for its preparation, unless the body of State monument care stipulates an additional deadline, which may not exceed 10 days, in especially complicated cases. If the competent body of State monument care does not receive the written statement within 20 days or within the prolonged deadline, it shall issue the binding opinion without the statement.

9) Monument reservation, monument zone, protective zone of an immovable cultural monument, immovable national cultural monument, monument reservation, monument reservation and monument zone.
(7) The owner of a cultural monument or the designer shall discuss the preparatory and design documentation for renewal of an immovable cultural monument or structure, change in a structure, landscaping, placement or removal of equipment, removal of a structure, modification of tree species or maintenance work on a real estate pursuant to paragraph 2 above during the preparation thereof with the professional organization of State monument care from the point of view of fulfilling the conditions of the binding opinion pursuant to paragraphs 1 and 2 above. During the discussion, the professional organization of State monument care shall provide the necessary basic documents, information and professional assistance. The professional organization of State monument care shall prepare a written statement on each finished stage of documentation to serve as a basis for the binding opinion of the municipal authority of a municipality with extended competence or, for an immovable national cultural monument, as the basis for the binding opinion of the regional authority.

(8) The renewal of cultural monuments or parts thereof that are works of the creative arts or of artistic crafts (hereinafter “restoration”) may be performed by natural persons on the basis of a license issued pursuant to Section 14a, where restoration means the sum of specific works of creative art, artistic craft and technical work respecting the technical and artistic structure of the original.

(9) The owner of a cultural monument shall hand over one copy of the documentation to the professional organization of State monument care at the request thereof.

(10) A generally binding legal regulation shall stipulate the details of the conditions for documentation of the renewal and for the performance of renewal of cultural monuments.

Section 14a

Permit to Restore Cultural Monuments

(1) Restoration of cultural monuments or parts thereof that are works of the creative arts or of artistic crafts may be performed by a natural person who enjoys full legal capacity and has no criminal record, on the basis of a permit (hereinafter a “restoration permit”).

(2) For the purposes of this Act, a person shall not be considered as not having a criminal record if he has been validly convicted of a criminal offense whose merits are connected with restoration, unless he is considered not to have been convicted.

(3) A restoration permit shall be issued by the Ministry of Culture to a natural person who has previously demonstrated his professional qualifications.

(4) Professional qualifications shall be demonstrated by fulfilling the conditions of

In this case, the Ministry of Culture shall be authorized to examine the professional qualifications of the person authorized for restoration in the manner pursuant to paragraph 1 above.

(5) The Ministry of Culture may forbid a person authorized for restoration to perform restoration under paragraph 4 above within 15 days from the date of delivery of notification of the intention to perform restoration or within 30 days from the day when the Ministry learned that the person authorized for restoration is performing restoration that endangers or damages a cultural monument.

(6) An appeal lodged against a decision of the Ministry of Culture to forbid restoration pursuant to paragraph 4 above shall not have suspensory effect.

(7) The Ministry of Culture shall keep records of persons authorized for restoration into which it shall enter

a) the name and surname of the person authorized for restoration,

b) the address for mail deliveries in the territory of the Czech Republic,

c) the restoration specialization,

d) the expected duration of the restoration project in the territory of the Czech Republic performed by the person authorized for restoration,

e) a prohibition of restoration under paragraph 4 above.

The protection of personal data entered into the records shall be subject to a special legal regulation.

Section 14c

(1) If the Ministry of Culture has imposed a compensatory measure in the form of a difference examination on the applicant pursuant to a special legal regulation, the Ministry of Education, Youth and Sports shall, at the request of the Ministry of Culture and within 2 months from the delivery of this request, designate the school at which the applicant shall pass this difference examination according to the restoration specialization in which the applicant intends to work in the Czech Republic.

(2) In the request under paragraph 1 above, the Ministry of Culture shall define the scope of the difference examination, which may include verification of both the theoretical knowledge and the practical skills of the applicant. The details of the content and the form of the difference examination shall be laid down by the designated school.

(3) If the Ministry of Culture imposes a compensatory measure on the applicant in the form of an adaptation period pursuant to the special legal regulation, the Ministry of Culture shall simultaneously stipulate

a) the duration and professional orientation of the adaptation period,

11h) Section 12 (4) of Act No. 18/2004 Coll.
b) the areas, the knowledge of which is necessary for restoration in the restoration specialization in which the applicant intends to work in the Czech Republic,

c) the content of documentation of restoration work in the extent not exceeding 3 projects performed during the adaptation period and the means of evaluation thereof,

d) the manner of evaluating the adaptation period.

(4) The applicant shall spend the adaptation period doing professional practical work in restoration performed

a) in a museum or a gallery established by the Ministry of Culture or by a region, in the professional organization of State monument care or in the National Library of the Czech Republic, if a restoration workplace has been established in these institutions, where at least 1 employee is the holder of a restoration permit for the restoration specialization in which the applicant intends to work in the Czech Republic, or

b) under the supervision of a natural person who is the holder of restoration permit for the restoration specialization in which the applicant intends to work in the Czech Republic and who is simultaneously a teacher in the restoration profession in the same specialization at a university or a higher vocational secondary school included in the network of schools and educational facilities.  

(5) The theoretical and practical areas forming the content of education and preparation required in the Czech Republic for the performance of restoration are stipulated in Annex No. 3 to this Act.

Section 15

Measures to Provide for Care for Cultural Monuments

(1) If the owner of a cultural monument does not take measures pursuant to Section 10 (1) within the set deadline, the municipal authority of a municipality with extended competence and, for a national cultural monument, the Ministry of Culture may decide that measures necessary to safeguard the cultural monument shall be taken at the expense of its owner. If such measures are not taken by the administrator or the user of a State-owned cultural monument, the superior body of the organization that administers the cultural monument or the superior body of the organization to which the cultural monument has been handed over for permanent use shall, on a proposal of the municipal authority of a municipality with extended competence or, for a national cultural monument, on the proposal of the Ministry of Culture, provide for the necessary remedy.

(2) If so required by an important interest of society, the regional authority may, at its own initiative or on a proposal of the municipal authority of a municipality with extended competence, or on a proposal of the Ministry of Culture for a movable cultural monument or a movable national cultural monument, impose the obligation on the owner to manage it in a certain way or may require that the owner entrust it free of charge for a necessary period of time into the custody of a professional organization, which it shall simultaneously designate.

(3) If the owner of an immovable cultural monument that is not State-owned permanently neglects his duties and thus endangers its conservation or if he uses the monument in a manner contradictory to its cultural and political importance, monument value or technical condition and if an agreement is not reached with the owner on the sale of the monument to the State, the cultural monument may, in the interest of society and as an exceptional measure,
be expropriated on the basis of a the proposal of the municipal authority of a municipality with extended competence through a decision of the expropriation authority. If an immovable national cultural monument is to be expropriated, the expropriation proceedings shall be commenced by the expropriation authority on a proposal of the regional authority. Otherwise, expropriation shall be governed by the general regulations.\(^2\)

(4) If a cultural monument is in immediate danger, the municipality shall, with the prior consent of the municipal authority of a municipality with extended competence, take measures necessary for its protection. If an immovable cultural monument in the form of a structure is involved, the municipality shall submit an instigation to the construction authority to order maintenance work or the necessary arrangements or to order urgent safeguarding work pursuant to the special regulations and shall notify the municipal authority of a municipality with extended competence of this fact and, for a national cultural monument, also the regional authority. If the cultural monument is owned by the State, the municipality shall also notify the superior body of the organization that administers the monument or has it in its possession.

**Section 16**

**Contribution to Conservation and Renewal of a Cultural Monument**

(1) The municipality or the region may provide a contribution to the owner of a cultural monument from its budgetary funds, at his request and if the case is exceptionally justified, to cover increased expenses connected with the conservation or renewal of the cultural monument for the purpose of its more effective use by society. It may also provide a contribution if the owner is unable to cover the cost of conservation or renewal of the cultural monument from his own means.

(2) If there is an extraordinary interest of society in conserving a cultural monument, the Ministry of Culture may, directly or through the regional authority or through the municipal authority of a municipality with extended competence, provide such a contribution for renewal of the cultural monument from the State budget.

(3) Details of provision of a contribution to the conservation or renewal of a cultural monument shall be defined by a generally binding legal regulation.

**Section 17**

**Protective Zone**

(1) If the protection of an immovable cultural monument or of its environment so requires, the municipal authority of a municipality with extended competence shall, after receiving a statement of the professional organization of State monument care, issue a land-use decision on a protective zone\(^3\) and shall specify the real estate in the protective zone, unless it is a cultural monument, or the types of work on it, including changes to tree species, for which the obligation to request a binding opinion in advance pursuant to Section 14 (2) is excluded; this duty shall always be excluded if the performance of the construction project, change to a structure, maintenance work, or the placement or removal of equipment in no way...

interferes with the external appearance of the real estate. The municipal authority of a municipality with extended competence may limit or prohibit certain activities in the protective zone or take other appropriate measures on the basis of a binding opinion of the affected body.

(2) If some properties or structures must be acquired or removed for the creation of a protective zone and if agreement is not reached with their owner, these properties and structures may be expropriated. Necessary changes may also be ordered for structures, other equipment or property lots.

(3) If an immovable national cultural monument, a monument reservation or a monument zone or their environment is involved, the municipal authority of a municipality with extended competence shall analogously define a protective zone on a proposal of the regional authority after having received a statement of the professional organization of State monument care.

(4) If the owner or the user of a property that is not owned by the State incurs property damage as a consequence of measures taken pursuant to paragraphs 1, 2 and 3 above, he shall be entitled to appropriate compensation, which shall be provided by the municipality with extended competence.

(5) A decision on a change to a protective zone of an immovable national cultural monument, a monument reservation or a monument zone shall be made by the municipal authority of a municipality with extended competence on a proposal by the regional authority, which shall agree on this proposal in advance with the Ministry of Culture.

(6) The municipal authority of a municipality with extended competence may, after having received a statement of the professional organization of State monument care, change a final decision issued pursuant to paragraphs 1 or 3 above if the purpose has changed, for which the protective zone was defined, and it may abolish the protective zone if the subject of protection no longer exists.

(7) Details of delimitation of a protective zone shall be stipulated by a generally binding legal regulation.

Section 18

Relocation of a Cultural Monument

(1) A national cultural monument and an immovable cultural monument or part (accessory) thereof may be relocated only with the prior consent of the Ministry of Culture.

(2) A movable cultural monument may be permanently relocated from a place accessible to the public only with the prior consent of the regional authority on the basis of a statement of the professional organization of State monument care.

(3) The body that gave its consent to relocation of a cultural monument pursuant to paragraphs 1 and 2 above shall notify the professional organization of State monument care of this fact.

Section 19

Use of Cultural Monuments for Scientific Research or for Exhibition Purposes
(1) The owner of a cultural monument shall be obliged to allow persons authorized by the bodies of State monument care to perform scientific research or acquire documentation of the monument. If an important interest of society is involved, the owner of a movable cultural monument shall be obliged to provide this monument for temporary use, particularly to the professional organization for the purposes of scientific research or for the purposes of exhibition, at the expense of the person or the organization to whom the cultural monument has been provided for use.

(2) The conditions of providing a cultural monument or a national cultural monument for temporary use shall be stipulated by the regional authority after having received a statement of the professional organization of State monument care.

Section 20
Cultural Monuments in Relation to Foreign Countries

(1) A cultural monument may be exhibited in a foreign country, lent to a foreign country or exported to a foreign country for other purposes only with the prior consent of the Ministry of Culture and, for a national cultural monument, only with the prior consent of the Government of the Czech Republic.

(2) An object exhibiting characteristics of a cultural monument pursuant to Section 2 (1) may be permanently relocated from a foreign country to the Czech Republic only with the prior consent of the competent authority of the country from which it is to be imported, provided that reciprocity is guaranteed.\(^\text{16}\)

(3) The provisions of paragraphs 1 and 2 above shall in no way prejudice the regulations governing economic relations with foreign countries.\(^\text{17}\)

(4) Details of granting consent to export of cultural monuments to foreign countries shall be stipulated by a generally binding legal regulation.

PART THREE

The details of the content and the form of the difference examination shall be stipulated by the designated school.

(3) The theoretical and practical areas forming the content of education and training required in the Czech Republic for the performance of archaeological research are stipulated in Annex No. 4 to this Act.

Section 21c

The duties imposed on authorized organizations in Sections 21 (4), 22, 23 (3) and 24 shall apply to a person authorized for research mutatis mutandis.

Section 22

Performance of Archaeological Research

(1) Prior to the commencement of archaeological research, the Institute of Archaeology and the authorized organizations shall be obliged to conclude an agreement with the owner (administrator, user) of the real estate where the archaeological research is to be performed, stipulating the conditions of archaeological research in this real estate. If agreement is not reached, the regional authority shall decide on the duties of the owner (administrator, user) of the real estate to tolerate the performance of archaeological research and on the conditions under which this archaeological research may be performed.

(2) If a construction activity is to be performed in a territory with archaeological finds, the developers shall be obliged to notify the Institute of Archaeology of their intention from the preparatory stage of the construction and allow the Institute of Archaeology or an authorized organization to perform rescue archaeological research at the relevant site. If the developer is a legal entity or a natural person within whose business activity the need for a
rescue archaeological research arose, the cost of such rescue archaeological research shall be borne by this developer; otherwise, the cost shall be borne by the organization performing the archaeological research. An analogous procedure shall apply if another activity is to be undertaken in this territory that might endanger the performance of archaeological research.

*From case law: 5 A 8/2000, 59 Ca 59/2002*

Section 23

Archaeological Finds

(1) An archaeological find means an object (a set of objects) that is a document of or a remnant of the life of humankind and of his activities from the beginning of his development up to modern times and that has been preserved, usually underground.

(2) An archaeological find that was not made during archaeological research must be reported to the Institute of Archaeology or to the nearest museum, either directly or through the municipality in whose jurisdiction the archaeological find was made. The archaeological find shall be reported by the finder or by the person responsible for the performance of the work during which the archaeological find was made not later than on the second day after the find was made or after the day on which he learned of the archaeological find.

(3) The archaeological find and the place of the find shall be left intact until examined by the Institute of Archaeology or by a museum, in any case at least five working days after the find was reported. The Institute of Archaeology or an authorized organization shall take all measures at the place of the find necessary for the immediate protection of the archaeological find especially against damage, destruction or theft.

(4) If an archaeological find pursuant to the provisions of paragraph 2 above is involved, the finder shall be entitled to a reward which shall be provided to him by the regional authority in an amount equal to the price of the material if the archaeological find is made of precious metals or other valuable materials or, in other cases, up to an amount equal to ten per cent of the cultural and historical value of the find, determined on the basis of an expert report. The finder shall be entitled to reimbursement of necessary expenses incurred in connection with the archaeological find. The regional authority shall decide on and provide the reimbursement. The details of the conditions for granting rewards and providing reimbursement to the finder shall be stipulated in a generally binding legal regulation.

(5) For immovable archaeological finds proclaimed as cultural monuments, the regional authority shall appoint an organization established by the region to provide for care for these finds. If these archaeological finds are located on real estate owned by the State, the regional authority shall appoint this organization in agreement with the superior body of the organization that administers or uses the real estate. If an immovable archaeological find proclaimed as a cultural monument is located in the jurisdiction of several regions, the organization entrusted with safeguarding the cultural monument shall be appointed by the regional authorities in mutual agreement after they have discussed the matter with the Ministry of Culture and, if agreement is not reached, this organization shall be appointed by the Ministry of Culture.

(6) Special regulations shall apply to archaeological finds made in connection with the preparation or implementation of a construction project.\(^1\)
Section 23a

Ownership Title to Movable Archaeological Finds

(1) Movable archaeological finds shall be the property of the region unless they are the property of the State or municipality pursuant to paragraph 2 hereof.

(2) Movable archaeological finds shall be the property of the region in whose jurisdiction they were made, with the exception of movable archaeological finds made during archaeological research conducted by a contributory organization or an organizational unit of a municipality, which shall be the property of that municipality, and with the exception of movable archaeological finds made during archaeological research conducted by a State organization or an organizational unit of the State, which shall be the property of the Czech Republic.

(3) Movable archaeological finds owned by a region shall be deposited in a museum established by that region. Movable archaeological finds owned by a municipality shall be deposited in a museum established by that municipality or in a museum established by another municipality or by the region. Movable archaeological finds owned by the Czech Republic shall be administered by the State organization or by organizational unit of the State that made the find during their archaeological research pursuant to paragraph 2 above; these movable archaeological finds shall usually be deposited in museums established by the Ministry of Culture or in other State organizations or organizational units of the State if collections of museum character are permanently kept there.

(4) A region or a municipality shall be obliged to transfer the title to a movable archaeological find to the Czech Republic for a price determined by an expert report if the Ministry of Culture so requests in writing within 3 years of the date when the movable archaeological find was made. In this case, the Ministry of Culture shall also be obliged to reimburse the region or the municipality for the necessary expenses that they incurred in connection with the movable archaeological find, with the exception of the reward and reimbursement to the finder pursuant to Section 23 (4). The Ministry of Culture shall appoint the expert and shall bear the expenses connected with preparation of the expert report.

Related provisions: In Act no. 1/2005 Coll.

Section 23b

Maps of Territories with Archaeological Finds

(1) In agreement with the Ministry of Culture, a region may, in a regulation, issue a map of territories with archaeological finds in the region or in a defined part of the region, in which territories shall be depicted where archaeological finds occur or can justifiably be expected to occur; these maps shall serve to safeguard the archaeological heritage and as a supporting document for performance of the notification duty by a developer pursuant to Section 22 (2).

(2) A map of territories with archaeological finds may be issued for a maximum period of 20 years.

18a) Section 9 (1) of Act No. 219/2000 Coll., on the property of the Czech Republic and acts thereof in legal relations.
(3) A map of territories with archaeological finds may be changed if scientific knowledge of archaeological finds and on their occurrence in the territory has changed significantly. Paragraph 1 above shall apply to publishing a change in a map of territories with archaeological finds mutatis mutandis.

(4) On request, the Institute of Archaeology and the professional organization of State monument care shall provide the region, free of charge, with the necessary professional assistance and professional supporting documents, data and information required for the publication of a map of territories with archaeological finds.

(5) The Ministry of Culture shall stipulate the requisites and the content of a map of territories with archaeological finds in an implementing legal regulation.

Section 24

Compensation for Damage to Property

(1) While conducting archaeological research, the Institute of Archaeology and authorized organizations shall be obliged to take into consideration interests protected by the special regulations, to cooperate with bodies providing for protection of these interests and to protect, as much as possible, the rights and the justified interests of the owners (administrators, users) of real estate and other property, as appropriate.

(2) If the owner (administrator, user) of the real estate or other property is substantially limited in the normal use of the real estate or other property by the performance of archaeological research or measures taken to protect an archaeological find, he shall be entitled to provision of adequate lump-sum compensation by the Institute of Archaeology or by the authorized organization. Following completion of the work, the Institute of Archaeology or the authorized organization shall be obliged to return the real estate or other property to its original condition. If this is not possible or economically effective, the owner (administrator, user) of the real estate or other property shall be entitled to compensation in money.

(3) The right to a compensation for damage to property pursuant to paragraph 2 above must be enforced against the Institute of Archaeology or the authorized organization within six months from the completion of archaeological research or from the completion of measures taken to protect an archaeological find; otherwise, the right shall expire. If agreement is not reached, the regional authority shall make a decision on the compensation and the amount thereof.
